

Don House Boarder Handbook

A Great National Boarding School

Waitaki's legendary Rector, Mr Frank Milner (1906-44), that the founding fathers dream of a boarding school on a national scale was achieved. His inspirational leadership of Waitaki created a school which became known throughout the English-speaking world. A check of Waitaki's roll in 1909 tells the story of a dramatic increase, with a roll of 204 boys of which 145 were boarding students. In Mr Milner's final year at Waitaki, the boarding roll stood at 212- the highest for over 20 years.

Waitaki Boys High School Rector Frank Milner (1906-44)

Our house is named after Dr Don, Rector from 1897 to 1905, shown as second Rector by the two green 'bars'. The theme records the 'gospel of hard work' so favoured by Dr Don. The Aladdin's lamp represents the light of knowledge & the crossed quills show the quest of learning.

Our Motto is Diligentia et Labore – Labour with Diligence.

Director of Boarding Comment

Kia Ora and a warm welcome to the Don House Handbook. Don House is the boarding establishment of Waitaki Boys High School.

Located in the coastal township of Oamaru, Don House has a proud tradition of moulding boys into fine young men of outstanding character. Don House boarders are confidently able to contribute positively to their school, families and communities and leave Don House as well rounded, educated young men.

Staff at Don House are dedicated, experienced, and holistically focused on all Don House boarders. We ensure that all our boys have a safe and enjoyable experience and feel a strong sense of belonging in Don House. Every boy is seen as an integral part of the Don House whanau.

Don House facilities include 4 dormitories and a large communal common room. The Director of Boarding and Residential Manager offices are attached to the common room allowing great supervision and creating an energetic family atmosphere. Staff housing is all within proximity and staff are actively involved each day. A unique aspect of the Don House dormitories is that all boarders from Year 10 to Year 13 have individual rooms. The Year 12 and 13 boarders have their own kitchen and lounge area that helps with the transition from hostel life to being a young adult.

Recreational facilities include swimming and diving pool, full sized gym, weights room, tennis courts, turfed area, soccer, rugby and cricket fields, cricket nets and trapshooting range. Don House boarders are encouraged to take every opportunity and we have access to a wide range of off-site activities that we transport our boarders to each day.

Here at Don House, we are fortunate to have a diverse team from a variety of cultural and professional backgrounds who are passionate about supporting our Don House boys in reaching their full potential. Each member of our team utilises their own skill set when fulfilling their role, are open minded and can be flexible in their approach whilst continuing to uphold the values and boundaries that are important to Don House.

Alongside encouraging our Don House boys to do well academically and with their extracurricular activities, we also focus on developing our boys emotional, social, spiritual and independence skills to prepare our young men for the world they will be entering.

Prep: Labour with Diligence

Supervised study time gives boarders the opportunity to complete homework and assignments. Junior boarders are set a variety of tasks by us to complete if they do not have any homework from their classes. Prep enables boarders to work together to achieve their academic goals and we often have WBHS teachers join us which offers great support and academic growth. A computer suite is available, and boys are welcome to use their personal devices. Boarders are encouraged to seek new learning opportunities and demonstrate personal growth in an area of their choosing. This is to be confirmed by duty staff prior to beginning.

Each weekday morning and Sunday evening room and dorm inspections are held. Boarders are to be ready for the day and have their room and dorm at an acceptable standard.

House Meetings: Persistent

Every second Monday we meet as a house and discuss aspects of the hostel and boarder's day's that need to be presented to all. These meetings give the boarders the opportunity to discuss everything Don House in a safe and encouraging environment. We often have clips of motivational speakers and role models that the boarders can learn and apply in their day.

Leadership:

Leadership is seen as the ability to motivate a group of people towards a common goal.
